

Rutherford School Summer Club

Summer club is a holiday provision for our pupils who cannot attend any other holiday provision due to their varied needs.

During Summer Club, our highly trained staff provide a fun and varied experience based learning environment for all the children and young people who attend.

Performing Arts and Workshops.
We have a different theme each year.
There are performance and interactive workshop booked in for each week which ties in with the theme chosen for that year.

Educational and Social Outings.
Outing may include visits to the local cinema to watch a film, local trips around the community or a big trip further afield.

Activities are varied and offer a wide range of sensory based experiences and learning opportunities. These include:

- Arts and Craft.
- Cooking
- Cultural experiences
 - Musical events
 - Hydrotherapy
- Rebound therapy
- Speech and Language therapy
- Visual impairment sessions
- Occupational therapy

Every Summer Club finishes with a big party for all children and young people and their families and carers.
